MALUR TUBES PVT. LTD.
AN ISO 9001-2008 COMPANY

About Us

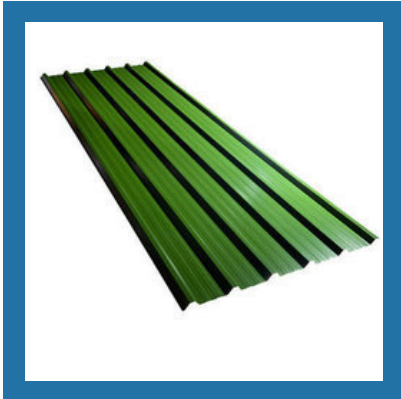

Incepted in the industry in the year **2002**, **Malur Tubes Pvt. Ltd.** is highly associated with the **manufacturer, trader, importer, wholesaler** of products like **Steel Sheets, Roofing Sheet and Roofing Steel Sheets** etc. And We Import the Raw material from **Chine, Vietnam** for the same. The complete product assortment provided by us is extensively acclaimed by our customers for its high quality, light translation, rust resistance and fire-resistance nature. Widely used in homes, offices and different other building and places for roofing purposes, these offered products are highly demanded for their stunning patterns and designs. Highly outfitted with a state-of-art infrastructure and modern machines, we believe in offering fine quality products to our customers. We ensure that all the material used in the manufacturing process is acquired from industry approved and authentic vendors of the market. Keeping in mind the necessities and needs of the clients, we are providing these products to the market at very reasonable prices. To guarantee their supreme quality, we have hired a team of quality analysts who are severely examining every shipment of products, to be delivered, on all the industrial standards. Established under the direction of **Mr. Nalin Gupta (Director)**, we have positioned ourselves as one of the reputed, well recognized and foremost firms of the industry. With a vast clients' base across...
